

Defelsko Certified Step Blocks

Ideal for checking calibration and operation of ultrasonic thickness gages and are an important component in fulfilling both ISO and in-house quality control requirements.

- Composition - 1018 steel
 - available in metric and imperial units
 - metric units: (2.5, 5, 7.5, 10 and 12.5 mm steps)
 - imperial units: (100, 200, 300, 400 and 500 mil steps)
 - metric accuracy ± 0.02 mm
 - imperial accuracy ± 1 mil
- All Certified Step Blocks are supplied with a certificate of calibration showing traceability to NIST/NPL.
