

Attachment for Compression Test of Syringe MED-SCT-500N

This attachment is designed for compression test of syringe. It handles syringes in capacity from 0.5 up to 50ml. It enables compression test according to a part of ISO 7886-1:2017.

Standards

• ISO 7886-1:2017 : A part of [Sterile hypodermic syringes for single use -- Part 1: Syringes for manual use]

IMADA CO.,LTD. Attachment for Compression Test of Syringe MED-SCT-500N

Specifications		
Model	MED-SCT-500N	
Capacity of force	500N	
Capacity of measurable injection	0.5 - 50ml	
Ring's diameter	φ10/15/24/33mm	
Size	See the Dimensions on page 3.	
Remarks	Mount this attachment on an IMADA test stand.	
Attachment	Cup	

* Weight of the attachment is also applied as a load on the force gauge. Consider it when selecting the capacity of a force gauge.

Example of Product ConfigurationConfiguration 1Code: 1S2001A- According to ISO 7886-1:2017"Sterile hypodermic syringes
for single use -- Part 1: Syringes for manual use" (a corresponding
part)- Up to 50NDigital force gauge: ZTS-50N
Motorized test stand: MX2-500N-L
Optional attachment: MED-SCT-500N
Optional tray: PTW-10IN
Optional cable: CB-518
Optional software: Force Recorder Standard

* Refer to the specification of each product for details.

* Product configuration varies depending on the shape and characteristic of the sample, and measurement conditions.

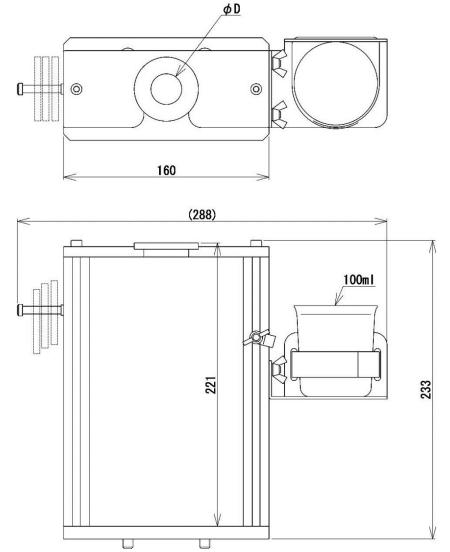

* The recommended capacity of force gauge varies depending on the expected force to be loaded.

* The force gauge comes with a compression attachment S-2, so combine S-2 with the force gauge to compress the syringe.

Related Products		
Attachment for needle bonding strength test MED-NPT-200N	Optional tray PTW-10IN ※1	Durability test fixture PR-500N/PR-2500N
It is designed to evaluate the force of pulling out the needle apart from the hub.	It receives injections, placed on the table of a test stand.	It is designed for durability test of retort pouch, heat sealed packages, box, and the like.

*1 It avoids injection from escaping to the test stand a lot, however, we do not guarantee the perfect injection-proof. And, we recommend that you often clean up the tray.
